# **Leshem Yichud to be Recited Before Watching a Movie**

**I am herby willingly and readily preparing to bind myself to the Sita Acher.** To give power and strengthen the klipot and the forces of evil that reside in the world, with the movie that I am about to watch. And may it be, that for the next two and a half hours I will unite myself totally and completely with the movie and bind myself to it in total concentration.

**I am herby ready and prepared to be Pogem Anayim** and gaze at immodestly dressed women for the next two and a half hours. I am fully prepared to be over on the Lav Doraysa of "Lo sasuro achary levavchem vachari anachem" I am also willing to transgress the Lav of "Heshumer Mkal Dvar Ra". I am ready and prepared to be over a Deraysa of looking and thinking about women as brought down by all the Poskim, including but not limited to the Ramban, Rambam, Rabbanue Yonah, and Shulchan Aruch. I am also more then ready to be over on "Vehyisem Kedoshim" and "Kidoshim Tihyo". I am also ready and prepared to look at the face of Reshaim even though the Holy Kabbalah warns that it is very damaging to the soul.

**I am ready and prepared to funnel impure thoughts** into my mind that will cause me to heaven forbid be Pogem Habris. If that will not happen, then I am fully prepared and ready to see Keri while I sleep. I am fully ready to contaminate my mind day and night with impure thoughts and recollections from the movie that I am about to watch. I am ready and prepared to spend countless Shmoni Esrehs, spaced out from beginning to end having the impurity of the movie overtake my mind. I am ready and prepared to have hiruray Znus with my Tefilin on.

**I am herby making myself a vessel to fully receive** and absorb all the impure essence of the defiled actors and producers that created the movie. I am ready for it to be integrated and impressed upon my body, soul and emotions. I am ready to absorb all the non Jewish culture and the bad traits of the seventy nations. I am willing and ready to bring into my mind confusion and Kfirot, I will confound my mind with wicked philosophy until I will start not believing in Hashem and the Tzadikim. I am ready and prepared to start uttering the vulgarity and slang that I will hear throughout the movie and fully plan on integrating it into my daily conversations. I am prepared and ready to adore and idolize the wicked Reshaim in the movie who wish to destroy Yisroel and whose ancestors committed gross murderous acts against our nation. I am ready to totally bind myself to their fake impure and empty culture and commit to live it, myself and my family.

**I am fully ready and prepared to cause great damage** and destruction in the Spiritual words. I am ready to cause great flaws in many of the various Holy Shemot. I am fully ready to create great havoc, in the worlds of Azilut, Briah, Yitzirah and Asiyah. I am ready to damage and mutilate all parts of my soul composed of the Nefesh, Ruch, Neshamah. I am ready to delay the arrival of Moshiach and to bring much suffering and poverty to the world.

**I am ready to waste the next hours funneling impurity** into my soul instead of spending the time studying Torah and doing Avodas Hashem. I am ready to lose all sensation and awareness of Kedusha as well as nullify my Emunah in Hashem and the Tzadikim. I am ready to strongly lower my ability to concentrate and learn Torah as well as damage my memory for all things Holy. I am also giving the Chitzinim a permanent share of all the Torah and Mitzvot that I do until the point when I do Teshuvah. I am ready to create demons and other negative entities that will steal all my substance. I am ready to further away my ability to find my Zivug and make her completely opposed and rebellious to me if I do find her. If I am married then I am willing to have my children considered semi Mamzarim since I will not be able to control my thoughts.

**I will do all of the above willingly and gleefully sitting  
relaxed in the sofa and enjoying myself to the utmost.**
